

Quick Start

This chapter describes how to quickly create a publication from a PDF file and upload it to Publ.com.

Let's assume that you have already installed and run your copy of Publisher 2.

IMPORTING PDF FILES

FlippingBook Publisher offers users the greatest and most powerful options for the importing of PDF files in the whole world market of e-publishing. Users can import documents of any type including magazines, books, catalogues, brochures, presentations. FlippingBook Publisher provides users with the best means of conversion so that all materials easily become great digital publications.

Choosing the source file

The easiest way to import PDF files is to use the "Import Files" button on the FlippingBook Publisher start page or drag and drop a file from a folder directly to the marked field.

For user convenience, there are alternative ways of importing MS Office and other non-PDF documents.
