

Please note: Choosing the publication type is only available whilst importing PDF files into a new project. If users wish to add pages to an existing project, there is no way to adjust the publication type settings. To change the publication type, users must create a new project.

### Settings of PDF file content extracting

FlippingBook Publisher offers you a really wide range of settings for content extracting. In order to allow users to set the extraction, we have created different import profiles, which contain an array of useful preset functions to allow different users to reach different goals. Users can choose between the highest quality and the minimal size of a future publication. Users can select the maximal speed profile or use the optimal profile, which offers a perfect balance of quality, size and creation speed.
